

IMAGINE YOUR LIFE'S WORK IN OUR PIECE OF PARADISE

Vancouver Island, BC

Explore Sonography opportunities on Vancouver Island. New graduates and experienced professionals welcome!

At Island Health, we provide the public health care services to over 794,000 residents throughout our region. We strive to create work environments that support and attract workers with passion, professionalism and dedication that will help us provide the highest quality of patient care.

In 150+ facilities throughout Vancouver Island and the Southern Gulf Islands, we offer state-of-the-art services and innovative programs. Island Health strives to provide "Excellent health and care for everyone, everywhere, every – time".

Come be a part of our collaborative Island Health Sonography team as a Sonographer.

Our team is comprised of graduates of recognized Sonography programs who are registered with the American Registry of Diagnostic Medical Sonographers (ARDMS) and/or Sonography Canada.

Specialties Include:

- **Medical Imaging Services** - Island Health employs CT Technologists, MRI Technologists, Xray Technologists Nuclear Medicine Technologists, Mammographers, Sonographers, and Cardiac Sonographers.
- **General Sonography** - Our locations range from outpatient clinics and medium sized community hospitals throughout Vancouver Island to larger tertiary hospitals located in Victoria and Nanaimo. The Victoria facilities include dedicated breast imaging, genetic screening, high risk antenatal assessment and a vascular lab. Annually, we perform 122,000+ procedures in our facilities.
- **Cardiac Sonography** – Cardiac Sonographers work in Victoria, Duncan, Nanaimo, Comox and Campbell River facilities. Our Heart Health program is a national leader, providing interventional procedures, elder-friendly initiatives and outpatient rehabilitation programs and clinics. Our advanced techniques in echocardiography make us one of the best training sites in ultrasound. Our digital Echocardiography Lab performs 15,000 procedures per year including Transthoracic, Transesophageal and Stress Echocardiogram with 3D Technology.
- We are committed to providing our professionals with state-of-the-art diagnostic equipment. Strong vendor agreements provide for ongoing upgrades and replacement systems that put advanced imaging technology at the Sonographers' fingertips, and professional practice support is online for quick access anywhere in the region.

What we offer

Excellent Benefits Package

We offer an exceptional employer-paid benefits package including dental and prescription coverage, government backed Defined Benefits Pension Plan, long term disability and extensive extended health plan, plus four weeks' vacation after your first year of employment.

Relocation Assistance

Relocation assistance may be available for some positions.

Growth and Development Opportunities

With a variety of locations across Vancouver Island, you have the ability to work in tertiary care, community and rural hospitals as well as outpatient clinics. We also offer training and educational opportunities to help you grow your skills and develop in your career.

More about Vancouver Island

Surrounded by ocean, Vancouver Islanders enjoy the best year-round climate in Canada with warm summers and mild winters. Imagine skiing, golfing and scuba diving all in the same day! The relaxed pace, easy access to outdoor activities, an abundance of art, music, theatre and festivals ensures that there is something for everyone. Whatever the lifestyle you are looking for, we have it here. Vancouver Island also offers quick access to Vancouver by ferry or seaplane, as well as a growing international airport.
